I always look forward to Math group not cause Math is my favorite subject. Cause Ms. Ireland makes it very fun and she makes you smile. By her 5s that look like S and other way. Also her non- straight jamboard lines but that is what makes her her. When we play kahoot some people have her name Ms. Ireland and her mother Mrs. Ireland and she goes with it. She also sounds like a talk show host. She is very funny. Ms. Ireland makes you smile.
