~~Columbus~~

Wisdom is the Principle thing, therefore
get wisdom.

Yea! With all things heart gotten
get understanding."

What is meaning of Wisdom.

Knowledge, Understanding.

Wisdom seems to have a meaning
such as is suggested by insight,
understanding.

Knowledge = information

Wisdom = digested & correlated

Knowledge, so held & believed as to
affect the life.

The Mind of a woman.

The Protestant was delivering
into a new world. = a great

and exciting thing, it was for him
to read the Bible, It meant not only
truth, but a broader & different
world. Hence the Protestant & his
Bible.

But just as was the extension of the
horizon opened up by the translation of
Bible & the new learning & Printing
Press.

Even greater is the world opened
up by modern science, and thought,
Both as to time, space & structure,

People & working, They are activating
into this new world.
