Dear Horis;--

I can't tell you how much
good it did me to get a letter like yours
which came this a.m. I have been hungry
for years for a fellowship with men who
looked beyond their local job and whose hearts
shone aflame with the religion which underlies
democracy. and I am so glad to know that
Flem is with us. Will you not write him about
our ~~plan~~ plan and ask him if he will
serve on the Com. on Pub.

Your suggestion and of a monthly publication
is a good one. We could handle it financially.
I'll get the opinions of the other fellows ^{about} it.
-you did not enclose the corrected letter -
I agree with all your suggestions, especially
in regard to the word "intellectual". It

is a fundamental word. It is lack of knowledge
that causes many men to choose off other
"with-o-uses".

"The Unorganized Religious Forces of Today" is
not only a great subject but it shows that
there is a vision. But it is one that based
on a knowledge of the facts. Too many men
don't see what is happening under their own
noses. When I hear from the others I
will write you. Truly Arthur L. Weatherly.
